

Join Starrett at EMO 2023 in Hannover: Discover Precision in Production Technology

At EMO 2023, Starrett is set to unveil an array of innovations and offerings that underline our commitment to precision, quality, and innovation. Here's a sneak peek into what you can expect at our exhibit.

Starrett Bandsaw Blades in Production

Introducing the New XTR and Tennax Ranges

We are excited to officially launch our new XTR and Tennax ranges, representing the culmination of meticulous engineering and rigorous testing. The [XTR range](#) epitomizes the next generation of cutting tools, designed to deliver exceptional performance and durability in the most demanding applications. On the other hand, the [Tennax range](#) redefines reliability, providing a solution that you can trust for consistent results when cutting tubes, pipes, profiles, and structural materials.

Showcasing the Bandsaw Carbide Blades

Discover the future of bandsaw blade production technology with our Bandsaw Carbide Blades, proudly manufactured in Brazil. This innovative line underscores our dedication to advancing cutting solutions while maintaining the highest standards of quality and precision.

The ADVANZ in action

Reintroducing Starrett Bandsaw Machines

We are pleased to reintroduce our renowned Bandsaw Machines to the European market. Our exhibit will showcase both the S3715NG and S3720E machines, providing insights into their features and benefits. We invite you to experience their capabilities firsthand.

Meet the New European Sales Managers and Managers

Say hello to our newly appointed European Sales Managers for the UK, Scandinavia, and Eastern Europe. Their expertise and commitment are pivotal to Starrett's continued growth throughout the EU. Joining them are our European managers, Felipe and Federico, whose leadership continues to drive our growth.

A Unified Presence

Our entire Sales Team, alongside the European Commercial Director, Robert McKechnie, and the International VP of Industrial Products, Christian Arntsen, will be present throughout the event. This collective expertise ensures that you have direct access to the insights and information you need.

Comprehensive Support

Our Marketing and Tech Support teams will be available to answer your queries and provide a deeper understanding of our products and solutions.

Explore StarrNET

Experience the advantages of [StarrNET](#), our B2B Portal designed to streamline product ordering with Starrett. Discover its features and how it simplifies the procurement process.

Discover Additional Product Ranges

In addition to the highlighted ranges, we invite you to explore our Power Tool Accessories, Precision Hand Tools, and Food Cutting offerings. Marketing materials will be readily available to provide you with insights into these solutions.

EMO 2023 represents a fantastic opportunity to connect with our team and immerse yourself in the world of precision tools and technology. Join us at Hall 003, Stand C29, from September 18th to 23rd.

Stay tuned for more updates as we count down the days to EMO 2023. We look forward to welcoming you to our exhibit!
