## **Press release**

11.03.2024

### **KAPP NILES bids farewell to Managing Director Helmut Nüssle**

After more than 20 years with the KAPP NILES Group, Helmut Nüssle has taken his well-deserved retirement. The Group would like to express its sincere thanks for his many years of loyalty, his valuable and fruitful work and his extraordinary commitment.

Helmut Nüssle joined the Group in July 2003. As interim manager, his task was to steer the company on a stable course. His successes ultimately led to his appointment as Managing Director in April 2004, where he was responsible for the majority of his activities in the departments of controlling/finance/accounting, human resources, sales and service/tools, as well as looking after the foreign locations.

Since 2021, he has formed the management board of KAPP NILES together with Matthias Kapp, Michael Kapp and Michael Bär. During this time, Helmut Nüssle was able to pass on his many years of experience and expertise to the current management team.

He played a key role in shaping the Group through the introduction of a business management system with ongoing reporting, the professional manoeuvring of the Group through the various economic crises of recent years and, not least, the expansion of the company's presence and success in Asia - particularly in China.

Thanks to his many years of voluntary work, Helmut Nüssle was able to represent the interests of KAPP NILES to the outside world in the best possible way and provide further impetus for the company. Among other things, he was active in the Legal and Tax Committee and the Economic Committee of the German Machine Tool Builders' Association and in the Foreign Trade Committee of the Coburg Chamber of Industry and Commerce.

Helmut Nüssle
